8,000

employees

446

partners

“ Our ability to serve our clients across the continent and the range of our skills allow us to bring added value to all our clients, everywhere in Africa. ”

Our difference

A global leader in professional services

For many years, PwC has been working with private businesses, financial institutions, governments and public bodies across Africa.

Thanks to our strong local network of Partners and teams, we have established privileged relationships with our clients to provide them with rapid and customised solutions.

Across the African continent, PwC can offer the cultural and economic understanding of all key markets, backed by the industry and technical experience of our local and international teams.
